

## Walk-In Registration Guide

Pre-registered walk-in students are students who have missed the final registration deadline (14 days before the scheduled test date). Since paper bubble registration forms will no longer be available as of August 1, 2019, walk-in students will require a walk-in code (to be provided by the test site) to register online before the test date or be proxy registered using the assigned walk-in code.

For ISEE paper test events, when creating a “New Test” or selecting “Clone Test,” there will be an updated section called “Pre-Registered Walk-In Configuration.” You may select “Yes” or “No” to allow pre-registered walk-in students to test at your site.

**About Walk-Ins**

Pre-registered walk-in students are students who have not registered before the conclusion of the late registration period. Since paper bubble registration forms will no longer be available, walk-in students will need a walk-in code to be provided by the test site to either register before the test administration or be proxy registered using the assigned walk-in code.

## Walk-In Registration Guide

If you select “Yes,” the capacity for walk-in students can be increased or decreased in value for Lower, Middle, and Upper Level walk-in materials to be included with the shipment of testing materials. The “Additional Test Booklets” is pre-populated at 5 walk-in students at each level.

Test sites will have the capability to email the walk-in code directly to a family to register online. The walk-in codes will have a status of “Available,” “Redeemed,” or “Assigned.”

**PRE-REGISTERED WALK-IN SEATS**

Walk-in Codes will become enabled after Late Registration closes.
